Power adapter	DC 5V / 1A	
Dimensions	2.95" (W) x 0.99" (H) x 2.67" (D)	4.53" (W) x 0.98" (H) x 2.44" (D)
Weight	0.28lbs	0.46lbs

\* Note: The transmission distance may vary by cable quality

## Package Contents

- 2/4-Port HDMI Splitter 4K - Black
- Power Adapter
- User's guide

**Layout**

**Figure 1 & 2: 2-Port HDMI Splitter 4K - Black**

**Figure 3 & 4: 4-Port HDMI Splitter 4K - Black**

- **Power plug** : Power adapter plug
- **Input LED** : On when the input signal is detected
- **HDMI input** : Connect to HDMI source device
- **EDID switches**: Please refer to the table below to configure EDID. There are 4 settings.

Position	Setting
	Mixed EDID
	Copy EDID
	1080p output
	4Kx2K output (Default)

\* **Note:** When changing EDID mode, it's required to unplug the power from the source device and plug it back again.

- Mixed EDID:

Read EDID information from display with the lowest resolution and use that resolution for all HDMI outputs.

- Copy EDID:

**Splitter2P:** Read EDID information from display connected to Output 1 and use that resolution for both HDMI outputs. If there's no display connected to Output 1, Output 2 will display in 1080p resolution.

**Splitter4P:** Read EDID information from display connected to Output 4 and use that resolution for all

HDMI outputs. If there's no display connected to Output 4, all Outputs will display in 1080p resolution.

- 1080p output:

Display 1080p resolution to all HDMI outputs.

- 4Kx2K output:

Display 4K resolution to all HDMI outputs.

- **Power LED** : On when the power is connected
- **Output LEDs** : On when the output signal is detected
- **HDMI Outputs** : Connects to HDMI displays or TVs

## Hardware Installation

1. Power off all devices you plan to connect to this splitter.
2. Connect your HDMI device to the splitter's **HDMI Input** with an HDMI cable (cable not included).
3. Connect your HDMI displays to the splitter's **HDMI Outputs** with HDMI cables (cables not included).
4. Connect the included power adapter to the splitter's **Power plug** and plug it into a reliable power outlet.
5. Power on all of the connected devices.
6. The splitter is now ready to use.

## Application

Split HDMI signals from an HDMI device (such as DVD player or PC ) to 2/4 displays simultaneously at high resolutions up to 4K.

\* 3D support for 1080p (max)
